Description: The Barbara Daug Hunt Award recognizes a dedicated alumna for sustained service to the Alpha Omicron Pi Foundation and significant, meaningful commitment to perpetuating the future of Alpha Omicron Pi through the work of the AOII Foundation. The award is given biennially at convention by the AOII Foundation. The award was endowed by Cecil Hunt and named in honor of this Past International President and Past AOII Foundation President, a Phi Delta alumna who has served local chapters, her Fraternity and the AOII Foundation in many capacities for over 35 years. With this award, we honor Barbara's lifelong dedication to AOII and memorialize her contributions to both the Fraternity and the AOII Foundation by recognizing an alumna who, through outstanding service and support to the AOII Foundation, its mission and its programs, exemplifies her commitment.

Please attach a narrative statement of no more than 500 words. Explain the factors that make this alumna a candidate for the Barbara Daug Hunt Award. Include anecdotes, examples, quotes from others, etc. demonstrating the candidate's personal commitment to the AOII Foundation, consistency and quality of service on local and/or international levels, direct gift support, impact of gift support, evidence of encouragement and motivation to others to support the AOII Foundation, innovation in programming or development within the AOII Foundation, and so forth. Lifetime giving is not the main criteria for this award although level of direct support may be considered as one factor - the AOII Foundation is seeking candidates who exemplify the AOII Foundation vision through volunteer involvement.
